Introduction

The Foursomes component of the ATMS is used in the event of a foursomes(teams) format of tournament being required. It is designed so that two players form a foursomes pair/team. Medal or Stableford can be selected. If the foursomes pair are playing Matchplay this will form part of the SP Tournaments in the ATMS – please consult the applicable Matchplay or IPT user manuals.

This manual merely covers the Foursomes component of the ATMS. The user should be familiar with the basic strokeplay tournament.

1 Login

Login in to the ATMS (Albatros Tournament Management System) by entering the following URL into your browser https://tournament.handicaps.co.za/albport/index.jsp?sid=AAF595C377ABDEC28277176B&language=en_ZA and then search.

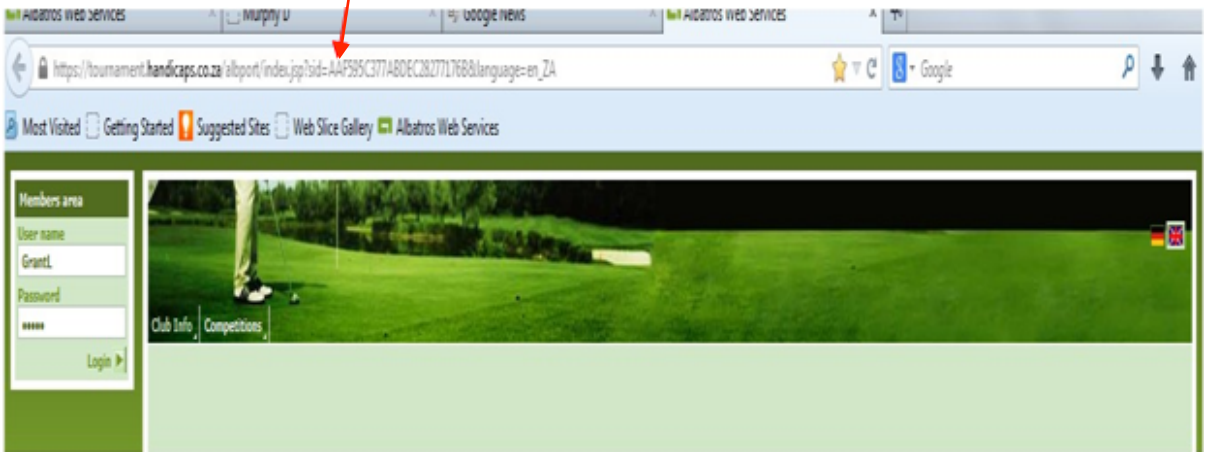

Figure 1

Enter the login and password details, given to you, in the space provided.

2 Creating a Foursomes Tournament

2.1 Creating a Tournament in Competitions

For a Foursomes event you need to create the tournament in the “Competitions” side of the ATMS as you would do for a Stroke Play event. To do this you need to click on “Competitions” and then click on “New competition”

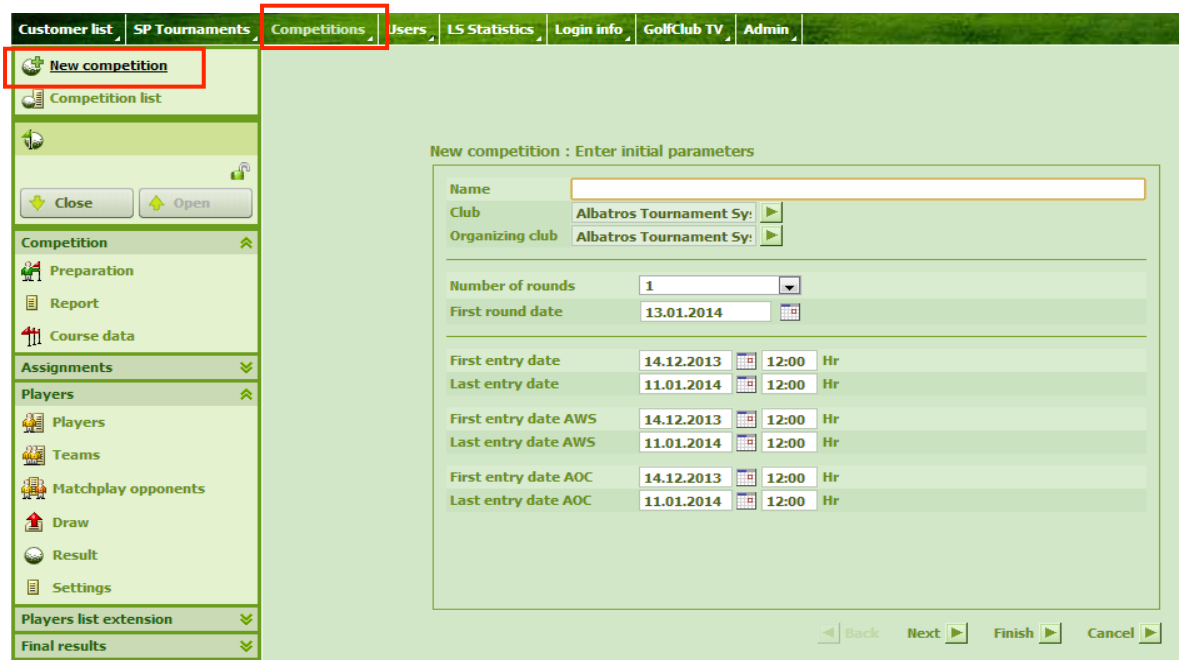

Figure 3

Enter all the parameters for the tournament. The name, club, date and number of rounds. Under round setup select Foursomes for the Comp. format. This needs to be done for all rounds. Medal or Stableford can be selected.

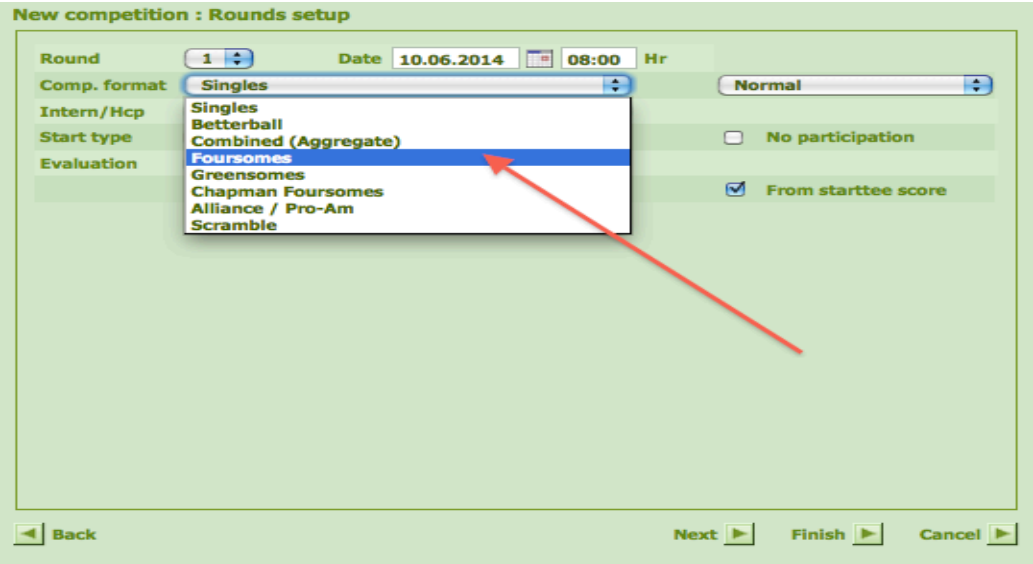

Figure 4

Select Tie's and click 'Finish'

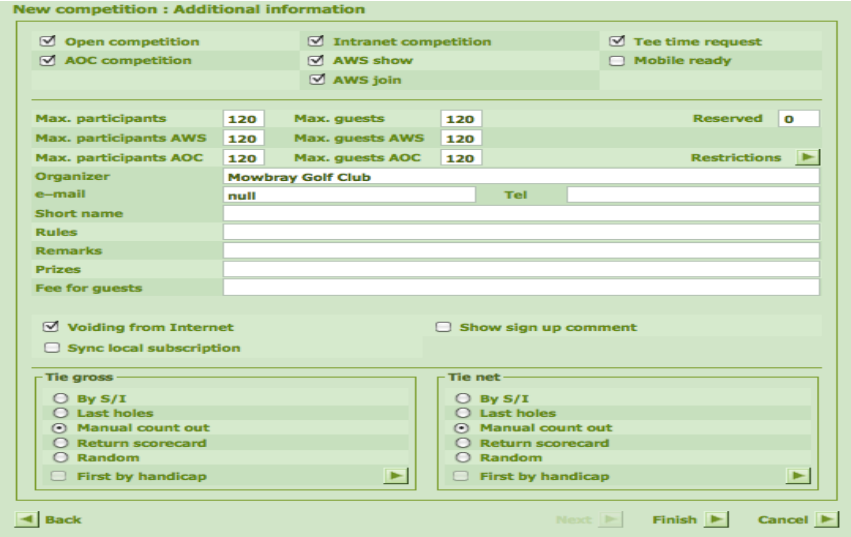

Figure 5

Loading of course, Tee allocation and adding players needs be done as per a stroke play tournamnet. If you require any assistance in setting up a tournament please consult the ATMS User Manual.

2.2 Creating the Foursomes Teams

Once you have created the tournament in competitions and added your players, click on 'Players<Teams' on the left hand side. Click on 'Team Editor' at the top.

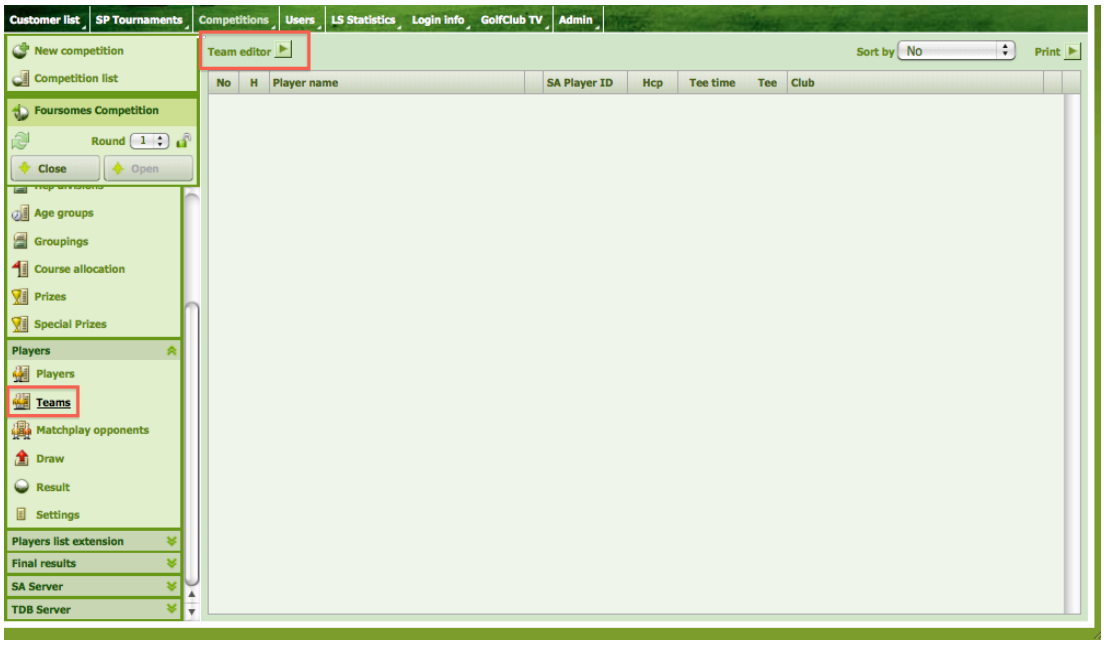

Figure 6

The following window will open:

Figure 7

Foursomes pairs can be created using the green arrows. Click 'Apply Teams' when all your pairs have been created.

2.4 Prizes and Results

In order to obtain results for your foursomes competition a prize needs to be allocated to the team.

Go to Assignments>Prizes. Create a new prize and under 'Playing Group' select 'Team'

If a 'net' result is required for a Division playing Stableford this needs to be selected under prizes and the combined hancicaps of the team will be taken into account.

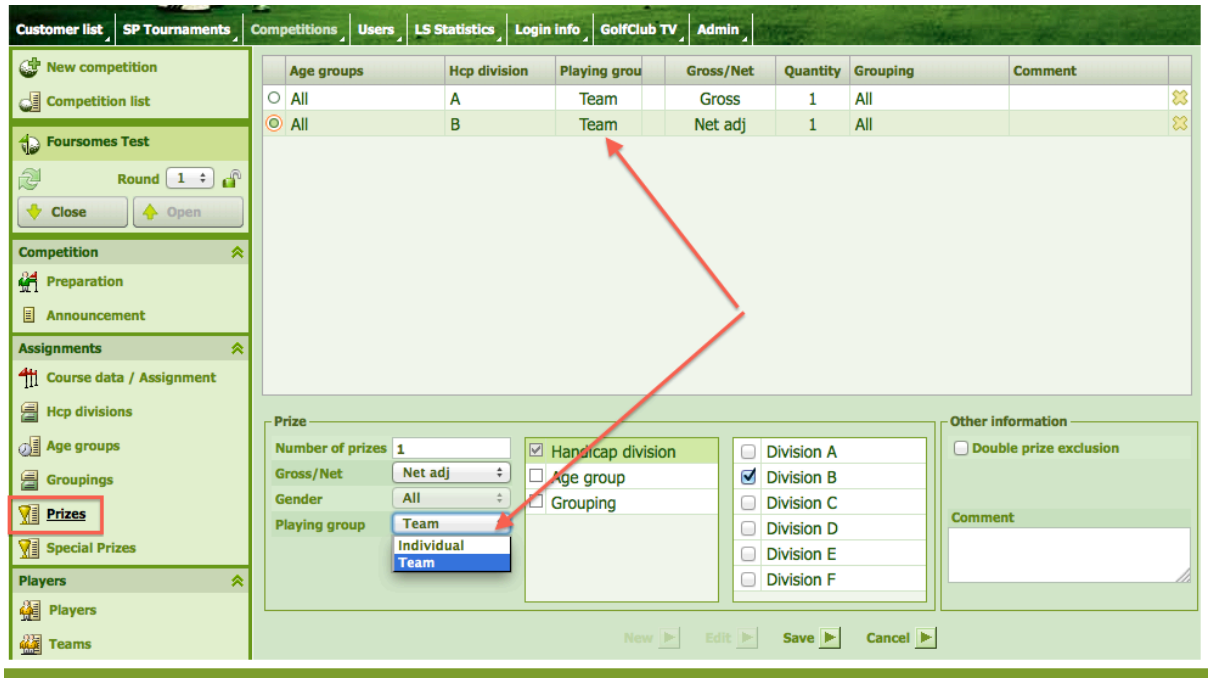

Figure 13

2.5 Handicap Divisions

It is important if requiring a net result that the maximum combined handicap is not limited.

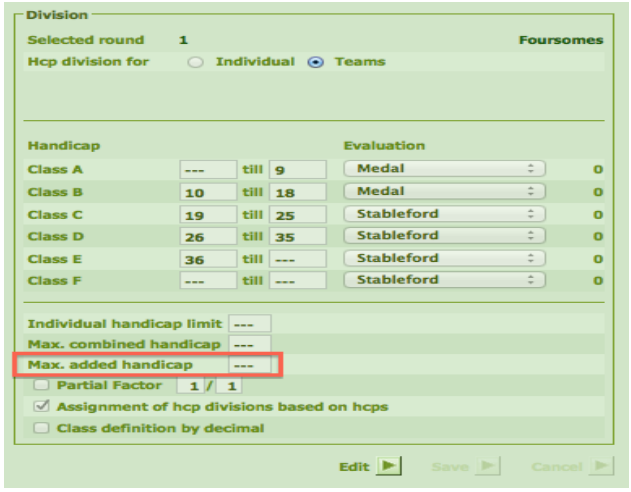

Figure 14

2.6 Net results with a decimal point

If combined handicaps form a decimal point these will be taken into account when allocating a net prize. Results will show the decimal point.

Figure 15

3 Replacing a Player in a Team

If a player withdraws before play starts and the foursomes pair has to change, go to the 'draw editor' and remove the pair in which the player needs to be replaced, from the draw.

Go to 'Teams' and delete the team in which the player needs to be replaced by clicking on the yellow cross next to the pairs' names. (Figure 16)
